ECONOCOM BECOMES SOCIETAS EUROPAEA

Puteaux, 3 February 2016

Econocom, a specialist in the digital transformation of private and public organisations, has adopted Societas Europaea (SE) status, to reflect the identity of the group which is established in 19 countries, mainly in Europe.

Submitted to the shareholders for vote and approved at the Special and Extraordinary Shareholders' Meeting on 18 December 2015, the adoption of Societas Europaea status confirms Econocom Group's ambitions as a leading European player in the field of business-to-business digital services.

With an extensive presence in Belgium, France, Germany, Italy, the Netherlands, Spain and the United Kingdom, Econocom is now Europe's leading technology management & financing provider and a major player in the distribution and service industries.

"Becoming a Societas Europaea is a major landmark," explained Jean-Philippe Roesch, Executive Director of Econocom Group. "In addition to facilitating our business in Europe, it's an opportunity to strongly proclaim our European identity. It is also proof of our ability to assist Europe's largest companies in their digital transformation, wherever they operate".
